Office Memorandum • UNITED STATES GOVERNMENT

TO: [REDACTED]

DATE: 9/22/58

FROM: [REDACTED]

SUBJECT: Visit with Isbell

1. H. Isbell here this morning. Spent over 4 hours with him. He left with interesting report (sp. Chas, magazine)
2. Said that since he is carrying no liaison appro. now he is ready fit with "new command" (line 3-1514)
3. Told that we didn't see much point to continuing the command line 3-1514 in view of the date on the first
4. Told that we have no objection to his publishing the 4-1514

Baltimore 2-15-1950

Told Dr. J. he will try to get him no. 1, 2, 3, 4, 5, 6, 7, 8
and his older magazine data.

Asked what was present in LSD combination and
referred to his results of our last discussion about

3: LSD - C, THC

" - Scopolamine

" - Cocaine (or cocaine-like material)

" - Dextroamphetamine (in Baldwin's paper)

Buprenorphine - He will try to get a sample and run
on filters through normal channels to check his results

He will contact you in 4 weeks when he gets back
8151-4
